

Nearly 40 years of dedicated experience, SPS provide innovative laboratory solutions to maximise profitability, improve productivity and take your lab to the next level.

Scientific and Precision Solutions focuses on supplying high-quality laboratory instruments, equipment and consumables for academia, research, production, and quality control in the fields of material sciences, mining/minerals, and life sciences. We take pride in being the agents for industry leading brands, ensuring that our customers have access to the best and most reliable products on the market.

Our Calibration Services department aim to ensure that our customers' instruments are functioning accurately and efficiently. The team understands the importance of maintaining and calibrating laboratory equipment and are dedicated to offering reliable service and support for the products we supply.
