www.wirsam.com

Analytical

- Atomic Absorption • Calorimeter • Gas Analysers • Gas Chromatography • Glow Discharge • HPLC
- ICP/ ICP MS • Lasers & Light Sources • Opto-mechanical Components & Mounts • Raman Spectroscopy
- Spark Spectrometers • Spectrometers • Spectroscopic & Photonic Instruments • UV-Visible Spectrophotometers
- Vibration Control • Motion Systems • XRF / XRD / XGT

Microscopy

- Microscopes • Micro Imaging • Image Analysis • Electron Microscopy • Electron Microprobes • IVF Equipment
- Atomic Force Microscopy • Nano Technology • Microscopy Consumables

Petrochemical

- Cold Behaviour • Colour • Distillation - Atmospheric • Distillation - Vacuum • Elemental Analysis • FTIR
- Gas Analysers • Flash Point • Penetration • Titrators • Vapour Pressure Testing • Viscosity

Material Testing

- Building Material & Cement Testing Equipment • Colour Testing Equipment • Compression Testing • Concrete Testing Equipment
- Cube Presses • Dissolution & Disintegration Testers • Hardness Testers • Molecular Diffusion & Sorption
- Packaging Testing • Particle Size Analysis • Physical Testing Systems • Tensile Machines • Texture Analysis

General Laboratory

- pH • Conductivity • TDS • Salinity • DO • Turbidity • Chillers • Digestion & Distillation • Food & Feed Analysis
- Balances & Moisture Analysers • Refractometers & Polarimeters • Automated Multi-Parameter Titration
- Stirring • Homogenizing • Flocculating • Ovens • Incubators • Furnaces • Vacuum Pumps • Viscometers & Rheometers

Sample Preparation

- Certified Reference Materials • Crushers • Cutting Machine • Fusion Machines • Metallographic Sample Preparation
- Microwave Digestion • Mixers • Polishing Machines • Ring Mills • Sample Preparation Consumables

Analytical X-Ray

- Protein Diffraction • Single Crystal Diffraction • X-Ray Diffraction • X-Ray Fluorescence • XRF Consumables
- XRF Sample Preparation

Turn-Key Solutions

- Applications Solutions • Container Labs • Lab Design • Process Flow Optimisation • Training
