

# PGM THE 8TH INTERNATIONAL CONFERENCE

2-3 NOVEMBER 2022 - CONFERENCE  
4 NOVEMBER 2022 - TECHNICAL VISIT

VENUE - SUN CITY, RUSTENBURG, SOUTH AFRICA

*PGMs - Enabling a cleaner world*

The Platinum conference series has covered a range of themes since its inception in 2004, and traditionally addresses the opportunities and challenges facing the platinum industry.

This prestigious event attracts key role players and industry leaders through:

- High quality technical papers and presentations
- Facilitating industry networking
- Having large, knowledgeable audiences
- Global participation, and
- Comprehensive support from industry role players.

The 8th International PGM Conference will, under the guidance of the organising committee, structure a programme which covers critical aspects of this continually evolving and exciting industry.

The success and relevance of this event to the industry really depends on your participation and support.

You can participate in this event as an organising committee member, author/presenter, delegate or sponsor.

## FORMAT OF THE EVENT

At this point in time, the event is planned as a full contact conference with international participation through web links. It is also planned to hold technical visits to nearby facilities.

However, as we are still in Stage 2 lockdown as a result of COVID-19, this will be constantly reviewed, and if it appears that the effects of the pandemic are still such as to pose a threat to the health and safety of delegates, this will be changed to a digital event.

## WHO SHOULD ATTEND

- Academics
- Business development managers
- Concentrator managers
- Consultants
- Engineers
- Exploration managers
- Explosives engineers
- Fund managers
- Geologists
- Hydrogeologists

- New business development managers
- Planning managers
- Process engineers
- Product developers
- Production managers
- Project managers
- Pyrometallurgists
- Researchers
- Rock engineers
- Scientists
- Strategy analysts
- Ventilation managers

## ABOUT THE VENUE

The Sun City resort lies in a tranquil basin of an extinct volcano in the Pilanesberg adjacent to South Africa's rich platinum belt. It boasts four hotels, an award-winning golf course and many other attractions.

Nestled in the rolling hills of the Pilanesberg, one of South Africa's most scenic locations, Sun City is a world unto itself and has earned its reputation as Africa's Kingdom of Pleasure.

Finally re-discovered and now part of Sun City, the Lost City and the Valley of Waves, fabled to be the ruins of a glorious ancient civilisation, celebrate and bring to life the legends of this mystical city.
