# MINING IN ZIMBABWE

## Expectations and Opportunities

**28–30 November 2018**

**Sango Conference Centre, Cresta Hotel, Msasa, Harare**

### BACKGROUND

Zimbabwe has experienced significant changes in the political and investment climate in recent times. This has resulted in some increasing confidence in the country's minerals industry tempered with the expected caution. This development is occurring at the same time as there are major upheavals in the global economy characterized by trade wars with major impacts on mineral commodity prices. In response, stakeholders in the industry continue to introduce innovative practices and technologies that contribute to a robust and forward looking industry.

### EXHIBITION/SPONSORSHIP

Sponsorship opportunities are available.  
Companies wishing to sponsor  
or exhibit should contact the  
Conference Co-ordinator.

### OBJECTIVES

- To bring together stakeholders in the mineral industry to discuss the expectations of potential investors as well as ways of investing in and developing the mineral sector in order to unlock its economic potential.
- To share the latest legislative developments in the zimbabwean mineral sector that highlight a trajectory of openness to business, increased exploration, production and growth.
- To improve understanding of innovative technologies and practices across the mineral industry, leading to growth and sustainable resource extraction.

### MINERAL TYPES

- Energy minerals with special focus on lithium
- Platinum group minerals
- Gold bearing ores
- Base metal ores
- Gas
- Diamonds

### WHO SHOULD ATTEND

- Investors
- Decision makers in the private and public sectors
- CEOs and COOs, directors
- Heads of divisions/departments
- Managers
- Geologists
- Mining engineers
- Metallurgists
- Mineral economists
- Project and maintenance engineers
- Economists
- Investment analysts
